Bonbon, Cagayan de Oro City, Misamis Oriental, Philippines

Opol Community College - BS Information Technology 2019-2023

Opol, Misamis Oriental, Philippines

Work Experience

Opol Community College - Admin Feb 2024 - June 2025

Opol, Misamis Oriental, Philippines

- Making TOR for students request.
- Assisting registrar in any problem.
- Computer troubleshooting.

Personal Project

Home Services Online Portal System (Capstone Project using Web) - Not Live 2022

- I developed this project utilizing the native Laravel Framework, a robust platform tailored for seamless integration of HTML and Laravel Backend components. This project served as my thesis, showcasing my proficiency in web development and my ability to harness the power of Laravel for a comprehensive web application

Laundry Booking System (Capstone Project using Web and Mobile) - Not Live 2023

- I built this project using Vue.js for the Web and Ionic Framework for Mobile and Laravel for the backend. This capstone project was paid by my previous batchmates. It's worth it because I learned the vue.js.

Youth Profiling and QR-Based Management System for LYDO (Capstone Project using Web) - Not Live 2024

- I built this project using Vue.js for the Web and Laravel for the backend. This capstone project was paid by my previous batchmates also.

Technologies I work with

Laravel · React · Vue JS · Tailwind CSS · Shadcn UI

MySQL · Javascript · Typescript
